

OVERPACKS

95 gal

30 gal

20 gal

Overpack 20 & 30 gallon salvage drums are versatile units that can directly contain solids and sludges with security. With a 1/2 turn lid, this ergonomically designed unit allows for easy access, unlike traditional "hoop-ring designs." Units are also nestable, which allows for ease of shipment.

Overpack 65 gallon salvage drum meets Group 1 packaging standards, salvage drum regulations, and is designed to fit 30-gallon drums. It meets performance-oriented packaging requirements of US DOT and UN regulations. This overpack nests for easy storage and has a gasket in the lid for secure containment with no wasted space.

Overpack 95 gallon meets Group 1 packaging standards and salvage drum regulations. It also meets performance-oriented packaging requirements of U.S. DOT and UN regulations. It safely contains a wide range of hazardous materials, including acids, corrosives and damaged parts, in 55-gallon drums. Tight, secure and leak-free container closing is simple. Just place any long object, like a wooden two-by-four in the handy lid slots and turn it to tightly screw the lid down.

Overpack 110 gallon Ideal for distorted or bowed drums. Now containing irregular drums is not a problem with this handy size overpack. All the great performance features of the Overpack 95 gallon, but built taller to handle those misshapen drums

Overpack 180 gallon Ideal for utilities in transporting and storing transformers. The Overpack 180 offers a large 180-gallon capacity to handle the big jobs, while its tight grip feature saves time and money.

Overpack 600 gallon A HUGE 600 gallon capacity. Designed specifically for the storage and transport of large transformers, the Overpack 600 offers an easy, cost-effective way to keep hazardous fluids under control.

600 gal

180 gal

50 gal

95 gal

Wheeled Overpack 50 & 95 gallon A salvage drum and dolly all in one, they eliminate the need for a separate dolly for transportation. The 95-gallon, and the 50-gallon polyethylene UN rated salvage drums have the built-in handles and 6" polyolefin wheels, that allow for easy steering through doorways or around any obstacle

Yellow Polyethylene Overpack (without wheels)

DRUMS

Metal Salvage Drum (yellow)

- Heavy gauge steel drum is recommended for containing leaking drums of petroleum solvents
- Accepts up to US 55 gallon drums
- Comes with a hoop ring closure
- Meets DOT49 CFR 173.3

Item No.	Ext. Dimensions	Sump Capacity	Weight
28085	28"(dia.) x 40"(h)	85 US gallons / 322 litres	78 lbs

Plastic Open Top Drums (blue)

- Lightweight HMW-HDPE blow-molded construction
- Durable, stackable and chemical resistant
- 125 mil minimum wall thickness throughout the drum body
- Comes with a Lever-Lock style metal closure band and polyurethane gasket on the cover
- Meets FDA requirements for direct contact with food products
- Ideal drum for a wide range of commodities including liquids, dry goods, pigments, adhesives, etc

Item No.	Ext. Dimensions	Sump Capacity	Weight
ABPD10	14¾"(dia.) x 17¾"(h)	10 US gallons / 38 litres	8 lbs
ABPD30	18½"(dia.) x 32"(h)	30 US gallons / 113 litres	15 lbs
ABPD55	22¾"(dia.) x 36¾"(h)	55 US gallons / 208 litres	24 lbs

Plastic Containers with Snap-On lid (yellow)

- All-plastic, professional-grade construction will not rust, chip or peel; resists dents.
- Strong, snap-on lids are available for secure, stable stacking.
- Reinforced rims add strength and durability.
- Built-in handles allow easy, non-slip lifting and anti-jam nesting.
- Double-ribbed base increases stability and dragging capacity.

Plastic Dolly (black)

- Easy mobility and maneuverability of heavy loads.
- All plastic construction resists rust, chipping and denting.
- Heavy-duty wheels with swivel capabilities provide for ease of mobility.
- User-friendly solution for moving heavy loads.

Item No.	Ext. Dimensions	Sump Capacity	
2620	19½"(dia.) x 23"(h)	20 US gallons / 76 litres
